

Moving House Check List

- Arrange your move of supply with Northern Ireland Electricity. Please give us two days notice unless you are providing us with meter readings on line. Moving out of your old address and into your new address can be done at the same time. This can be done on-line via our website (www.nieenergy.com)

- Have a look around our site and read more about our payment schemes which make paying for your electricity easier.

- Contact your bank, building society, employer etc and let them know your change of address.

- Ask the Post Office to re-direct your mail.

- Let your telephone company know you are moving.

- Cancel milk, newspapers and window cleaner.

- Check one final time to make sure you haven't left anything behind.

- When you get into your new property take an electricity meter reading. You can submit your meter reading via our website (www.nieenergy.com)
